Spout Function Of 10590835

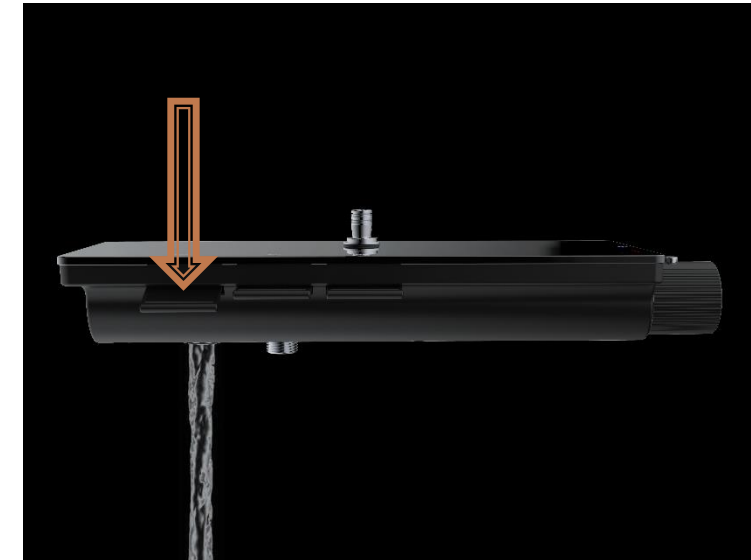

Spout Function of 10590835

This mixer has an spout outlet function, with an outlet spout at the bottom of the mixer

When we press the spout function button, water will flow out from the spout which at bottom of the mixer

A photograph of a business meeting. In the center, two people are shaking hands over a table. Several other hands are visible, some resting on the table. A document titled 'CONTRACT' is open on the table, along with a pen and a colorful bar chart. The background is bright and out of focus.

Thank You
